Check your knowledge

1. Why is end user adoption important?

- ☐ To make sure users know how to use Teams Rooms to help conduct effective meetings.
- ☒ It isn't because Teams Rooms is self-explanatory.
- ☐ So that users will know about the meeting lifecycle.

2. Why should you routinely review the Teams Rooms equipment in your meeting rooms?

- ☐ To make sure they are showing up correctly in Teams Admin Center.
- ☐ To make sure everything is working correctly and spot any issues before it affects meetings.
- ☐ To prepare the room for the next meeting.

3. If video and audio performance are choppy, what steps would help fix this issue?

- ☐ Add an HDMI CEC adapter.
- ☐ Use the Microsoft Teams Rooms recovery tool.
- ☐ Bypass the proxy server and disable break/inspect on Teams media traffic.
